

A message from Jeanne Mantsch, one of our church's representatives to Family Promise Ozaukee:

Our Family Promise guests sometimes have to leave their homes in a hurry or with little time to properly get themselves packed to move and garbage bags are the best/only items to use. We believe that our guests already feel very low about their situation and traveling from place to place like nomads, schlepping their belongings in garbage bags, doesn't help their self-esteem.

We would like to see them be able to move with a little more dignity than that, so Robin Fatla is initiating a collection of suitcases to be made available to our guests, if they would like them, when they enter our program. We think there are members of this congregation who will be able to help!

Any size suitcase will be welcome - the bigger the better - and **with wheels would be preferred**, but **ANY** suitcases will be welcome. The cases will be kept at St. John's in Grafton and will be available to whoever needs them. Just bring them to church, and we will make sure they get to St. John's.

Thank you!
