

# "Making All Things New"

Rev. 21:5

PHASE ONE

**CAPITAL  
CAMPAIGN**

A financial campaign  
to raise \$32,000  
to repair our  
stained glass windows

# HISTORY *of our* WINDOWS

In 1971, Conrad Schmitt Studios of Milwaukee designed and installed our beautiful stained glass windows. The window on the left depicts Creation. We can see the Tree of Life with its green leaves and the world globe from which it grows. The central window portrays the life, death, and resurrection of Christ. The ancient "Chi Rho" monogram of Christ is visible in the lower portion, a large cross fills the center and the phoenix rises out of the ashes near the top of the frame. The window on the right reflects the final Consummation - the coming of God's Kingdom. Our campaign theme, "Making All Things New" was inspired by this window's depiction of Rev. 21:1-8.

## NECESSARY REPAIRS

*Light coming through gaps show that our three large stained glass windows facing Webster Street are sinking into the sill.*

*Window on southeast side of sanctuary is coming out of its frame.*

*Small exterior windows on the northwest side of the building in need of repair.*

*Webster Street windowsills (visible from the inside) shows peeling, cracking, and rotting wood.*

# the COST

## HOW to HELP

We need to receive pledges totaling a minimum of \$32,000 to proceed with "Making All Things New: Phase One".

Your pledge can be a one-time gift or paid throughout the next 12 months (August 2023 to July 2024) in either monthly or quarterly payments. EFT (Electronic Funds Transfer) can be utilized.

Please return your completed pledge form to the church office or place in the offering plate by July 16.

*Thank you!*

Behold,  
I am  
*making  
all things  
new...*

## PHASE ONE

The repair of the stained glass windows is not the only pressing need of our church building. The Capital Campaign Planning Team, in cooperation with the Property Team, has determined that caring for the windows in the Sanctuary is our top priority.

In the coming years we will need to address the siding, soffit, fascia, and roof, as well as windows in the 1999 addition of the building. If we exceed the goal for Phase One, funds will be applied to the cost of these anticipated repairs.
