

CHURCH SCHOOL PROGRAM SUMMARY

April 30 marked the final Church School class of our program year. We read from Acts 2:42-47, with a passage entitled "The Early Church". We learned about what it means to be a church, and how a church goes beyond its walls and carries with us in our daily lives. The children brainstormed what comes to mind when they think of our church, and we have captured these ideas in the art displayed near the Dennett Room.

The timing of this story within our curriculum is timely, considering the celebration of our congregation's 125th anniversary. We hope everyone will take a few moments to think about what it means to be a church and see if those ideas have been captured by our church school children when next walking the hallway on your way to Fellowship Hall.

As a final action of the program year, our Church School team is holding a mini-collection drive for new or gently used coloring books, markers, crayons or stickers (see page 2). These will be used to refresh the children's activity bags available within the sanctuary. There will be a collection box by the entrance and we will be collecting throughout the month of May.

Blessings,

Shandy Roehrig, Christian Education Team Representative on the Church Council and Church School Leadership Team Chair
